Dear Mr Curtis

Re new driveway at 61 St Leonards Road

We both wanted to thank you and your team for your hard work and professional approach. It is a real pleasure to have contractors who are so pleasant, arrive when they say they will and concentrate fully on the job with such a good eye for detail. We are delighted with the result and it has already drawn admiring comments from neighbours. We also recognize the value for money and are grateful for that. Please feel able to use us for a testimonial should you wish to.

We hope the wedding went well and that snow did not cause disruption to your plans!

Our thanks and very best wishes to you and the team.
