Dear Mr. Curtis,

I would like to place on record my complete satisfaction at the manner in which you block paved our large driveway 3 years ago. It was first class workmanship with a very good finish and perfect drainage all as result of sound preparation of the site. I have photos of the work as it progressed.

I also liked the idea of no payment up front and the fact that work was supervised at all times using only your own plant tools and labour. This meant that you were able to bring and remove all materials from the site which meant a very good job completed in 2 weeks.

Yours sincerely
