Dear Mr Curtis

I am writing to thank you for the excellent resurfacing work you carried out on our fairly extensive driveway.

It was always a pleasure dealing with you and the members of your highly disciplined team. I had a number of competitive quotes and your price was excellent value. This was not an easy job and you came up with a number of excellent solutions and the quality of your work exceeded our expectations.

We have already recommended your Company to our friends and will continue to do so. It is so refreshing to come across craftsmen who deliver what they promise – on time and on budget.

Yours sincerely
